Figure 1. Schematic representation of the experimental design. The figure is divided into three main sections: (a) Pre-test, (b) Main test, and (c) Post-test. The Pre-test section shows a participant (P) interacting with a system (S) to learn a task. The Main test section shows the participant performing the task under different conditions (e.g., with and without a system). The Post-test section shows the participant's performance after the main test. The figure also includes a legend for the symbols used.
